February - April 2017

The Art Store News

Dear Bulletin Friends and Readers

Even the grey, January days, that seem to hold sway as we write this, have signs of Spring. There is birdsong in the morning, and bulbs pushing up in the flowerbeds, both very welcome.

Our advertisers are all looking forward to a progressive year ahead, as are we ourselves, so we hope that you will find something to respond to in the pages of this Bulletin - the first one of 2017.

As always, the Bulletin only includes very few items from our stock, so do telephone or Email us if you would like a copy of our **Full Stock Catalogue**. But please remember that will be closed from February 9th - 16th.

Very best wishes from
Bruce + Gina

THE AID FUND

for Christian Scientists In Need of Nursing Care

Registered Charity No. 277849

THE AID FUND FOR CHRISTIAN SCIENTISTS IN NEED OF NURSING CARE is a UK charity established to provide financial assistance to pay for the services of a Christian Science nurse.

Assistance is available to any person who:

- is relying for healing entirely upon the religion of Christian Science as taught by Mary Baker Eddy in the Christian Science textbook *Science and Health with Key to the Scriptures*;
- is in need of Christian Science nursing care; and
- is unable, individually or by a parent or guardian (in the case of a minor) to meet the full cost of such nursing care without undue hardship.

Donations

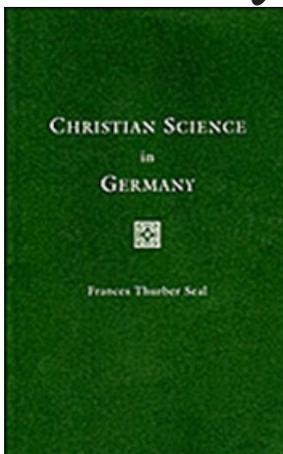

Without the generosity of individuals, Christian Science Branch Churches, Societies and Associations, who have made donations to the fund, we would not be able to help those in need. You can support the Aid Fund through donations, bequests and regular contributions. Please send donations to 'The Aid Fund for Christian Scientists in need of nursing care':

P.O. Box 1497, Guildford, GU1 9UL

You can also donate through Gift Aid by completing a Gift Aid form, which can be downloaded at www.csaidfund.org.uk.

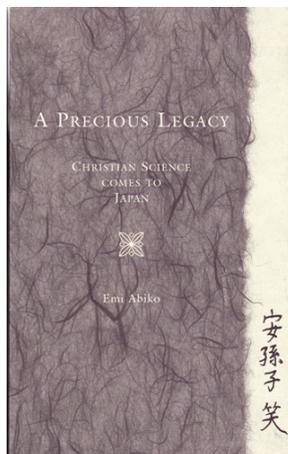

Contact us on our website www.csaidfund.org.uk or call the Secretary on 01306 730143

The Morval Foundation

The trustees of the Morval group of charities, including The Ruston Bequest and The New Chickering Fund, and the trustees of The New Beechfield Fund, are very pleased to announce that they have merged their activities into one organisation under one administrative board. This will enhance their ability to be of service to the Christian Science movement.

It is still our primary objective to help senior and deserving Christian Scientists to stay in their own homes, but any Christian Scientist who has financial challenges may feel free to apply for an application form, which is available from the Administrator. Each application will be considered on its own merits. Applicants should normally be in receipt of any state benefits to which they are entitled.

If you know of any dedicated Christian Scientists who may benefit from our help then please encourage them to ask for an application form. Alternatively, if you would like to support this activity, then your donation will always be welcome and may be sent to the Administrator.

Kim M. Schuette

Paths of Pioneer Christian Scientists

This book profiles four female pioneers of Christian Science. Emma Thompson and her daughter Abigail Dyer Thompson. Janette Weller and also Annie Macmillan Knott.

Christian Science Military Ministry 1917-2004

This book highlights the post-WWII era of Christian Science military ministry that has not been previously documented in a comprehensive way. This book relies heavily on participants' own words, taken from interviews and correspondence.

Who Shall Be Called? (DVD)

A historical documentary film by Longyear Museum. The years from 1881 through the first decade of the twentieth century saw the growth of Christian Science from a single church to a worldwide movement under the leadership of Mary Baker Eddy

The House on Broad Street (DVD)

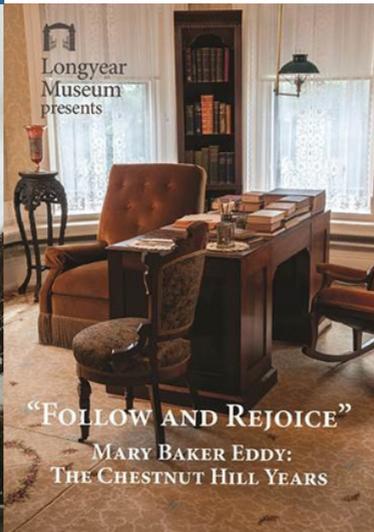

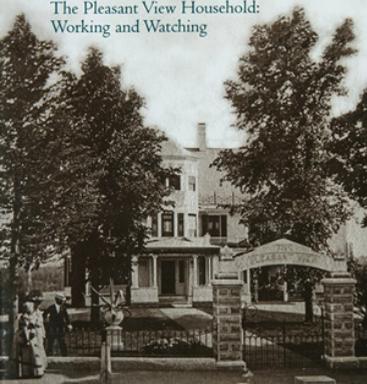

This Longyear Museum historical documentary film looks at Mrs. Eddy's far-reaching work to establish Christian Science while living in her modest home in Lynn.

Follow and Rejoice (DVD)

Longyear Museum's new historical documentary film tells of Mrs. Eddy's leadership during the years she spent in her last home at 400 Beacon Street in Chestnut Hill

New descriptions for some of these books! This may surprise you!

Quiet Answers

by Auriel Wyndham Livezey

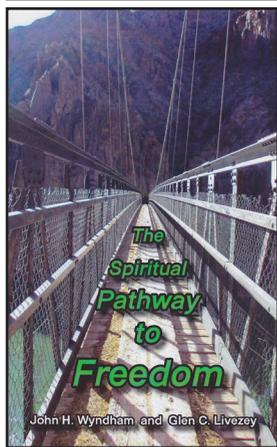

From decades spent in the Christian Science practice, Auriel tackles many questions about answers - why we get them and why we don't. Subjects such as what happened to parenting in the '60s, and how the work at hand leads to employment, are accompanied by the whimsical illustrations of Hank Richter.

The Queens and Kings School, Port Harcourt, Nigeria

This lovely photo shows some of the children who attended our Summer Free Holiday lessons in August 2016. Some days we had over 300 children from the local community.

The morning devotions at the School start with a hymn from The Christian Science Hymnal then a Bible passage is shared with the children and its metaphysical meaning in their lives. They then have a prayer followed by the Scientific Statement of Being (Science & Health page 468) and its correlative scripture from 1 John: 3. They then sing the Nigerian anthem and The Queens and Kings School anthem. At the end of the school day they have a prayer before going home.

Appeal for funds

Thank you for supporting our appeal for funds for School Computers. We now have 20 computers. The next thing that we need is a **PRINTER**. This will be especially useful and cost-saving for printing out our own exam papers.

We also need funds to purchase a new **GENERATOR**, or to repair the one we have.

Please send cheques made payable to:

"The Queens and Kings School" to Ros & Trevor Leach, 23 Reayrt y Chrink, Port Erin, Isle of Man IM9 6BF

If you would prefer to transfer your donation direct to our HSBC Bank please request the details.

Your urgent help will be so much appreciated.

With loving good wishes

Less Is More

by James Cook

£14.95

This is a CD of organ music performed by James Cook on the Organ in the First Church of Christ, Scientist, Edinburgh. The title draws inspiration from the words of the architect Mies van der Rohe who had a vision that artistic work could be produced with minimal resources. Although the Edinburgh organ has only 8 stops the CD demonstrates that, because of the instrument's quality, integrity and disciplined design, it is capable of handling a wide range of music.

The 23 Tracks on the CD include music by Bach, Handel and Mendelssohn, as well as contemporary British composers Malcolm Archer and Christopher Tambling. Several of the tracks focus on interpretations of two hymns from the Christian Science Hymnal -216 "O he who trusts in God's protection" (tune: Neumark) and 252 "O Word of God, most holy" (tune: Herzlich Thut Mich Verlangen).
