## The Ultimate Freedom

by John H. Wyndham

This true, spiritual adventure story begins when the author is captured on the island of Java during the Second World War. The way he finds freedom during his three years of captivity makes for inspiring reading. After the war the author takes the reader on further spiritual adventures to do with employment, income, economic freedom and his work with the United Nations. The author later lectured worldwide, in four languages, on the subject of spiritual healing.

# SEPTEMBER 2017 TALK TOUR BY AUTHOR AURIEL WYNDHAM LIVEZEY

“One Family’s Journey into the Land of Christian Science”

John H. Wyndham was a much respected practitioner, lecturer, and teacher of Christian Science, and author of *The Ultimate Freedom*. His daughter Auriel tells of the surprising results of publishing her father’s book and of its joyful acceptance around the world for over 23 years. She will share the secret of why this book is so popular with all religions and what can be learned from its success about our future as Christian Scientists.

“One Family’s Journey into the Land of Christian Science” is primarily based on *The Ultimate Freedom*, but also includes Auriel’s experience as an author and publisher after thirty years as a Journal-listed practitioner and speaker. The way she relates her so far untold family’s story makes the talk as interesting as John Wyndham’s book is inspiring.

Furthermore, Auriel’s positive and enlightened approach to the worldwide problems humanity is experiencing today is reason enough to hear this talk. At a time when many churches are closing and there appears to be a general lack of interest in religion in the UK, hope for the future is much needed.

The morning devotions at the School start with a hymn from The Christian Science Hymnal then a Bible passage is shared with the children and its metaphysical meaning in their lives. They then have a prayer followed by the Scientific Statement of Being (Science & Health page 468) and its correlative scripture from 1 John: 3. The children then sing the Nigerian anthem and The Queens and Kings School anthem. At the end of the school day they have a prayer before going home.

The 27<sup>th</sup> May is Children's Day in Nigeria. The Queens and Kings celebrated the day on the Friday (26<sup>th</sup>). They sang two hymns from the Christian Science Hymnal – No.58 which starts "Father, we Thy loving children lift our hearts in joy today" and No.313 which ends "To God, in light abiding, true praise shall tune my voice, for while in Him confiding, I cannot but rejoice." They also prayed with Psalm 127 which includes the words "children are an heritage of the Lord". Each child was given 2 tins of milk and a drink of Coke. One of the teachers had made a large cake which they all shared. The children put on a drama and said recitations. The children marched all around the local area to the beat of the school drum and the neighbours stepped out of their homes to give them support. A happy day!
