

Dear Bulletin Friends,

Beautiful summer weather is holding sway as we write this, and the colourful, traditional caravans of the travelling community are down by the river, on their way to the annual Horse Fair at Appelby.

Sadly two of our long-term advertisers are missing from the Bulletin, this time, and we thank them for their faithful support over many years.

But, on a happier note, we recently spent a lovely few days at the beautiful McNeil Trust apartment, in Edinburgh, and can thoroughly recommend it !!

All the very best to you all,

Bruce and Gina

We offer accommodation to Christian Scientists of all ages at reasonable rents. We are just south of the river Thames at Wandsworth Common, London. It is a beautiful location, close to many amenities, shops, library and of course "between the Commons".

As a resident of central London you may receive a free travel pass for all modes of public transport; trains, the underground, buses, trams etc. T&C's apply. Furthermore, Wandsworth Council residents enjoy one of the lowest council tax charges in the country.

Peter Henniker-Heaton Man of Joy By Kim Schuette

Peter Henniker-Heaton: Man of Joy. is a joy to read! Certainly the account of his healing of a form of paralysis of nearly 10 years standing through the steadfast study and application of Christian Science is impressive. Peter's story is engaging and inspiring for that and even more.

Throughout this trying time and beyond, he became a prolific author of poems, articles and essays-first for the iconic British magazine, Punch, and later for the Christian Science Monitor, Journal and Sentinel. His writings, reveal his keen intellect, broad worldview, a natural curiosity and deep spiritual insight.

The Story Of My Pilgrimage

by Emmy Elisabeth Austin

A member of First Church of Christ, Scientist, Bournemouth, who had known Emmy Austin and had her book, offered a copy to The Art Store so that we could make it available to the public once more. As it is now "in public domain" we are happy to do that.

This is a very personal story of a lady who trusted God absolutely. She started her pilgrimage after her introduction to Christian Science. She knew that God would always take her all the way and she never doubted His guidance.

There is much to inspire us all in this small book.

Lime Tree House

Exciting news!

Are you interested in Christian Science nursing?

Would you like to work in this wonderful healing and rewarding ministry, or perhaps you want to progress with your training?

We would love to hear from you!

We are delighted that we are able to provide Christian Science nurses training at Lime Tree House.

We are working with Le Verger, an accredited Christian Science nursing facility and training organisation, to offer a flexible and individualised accredited training and mentoring programme, supporting individual needs.

We have a wonderful team of mentors waiting to support you!

If you are interested and want to find out more, or discuss this new flexible training and how it could work for you, please do be in touch with us!

The Ultimate Freedom

by John H Windham

This true, spiritual adventure story begins when the author is captured on the island of Java during the Second World War. The way he finds his freedom during his three years of captivity makes for inspiring reading. After the war the author takes the reader on further spiritual adventures to do with employment, income, economic freedom, and his work with the United Nations. The author later lectured worldwide, in four languages, on the subject of spiritual healing.

Also available in French and German

Why I am A Christian Scientist

by Thomas Linton Leishman

This volume may be considered as a brief introduction to Mrs Eddy's writings and the workings of the Church she founded; and as a personal witness to their value and effectiveness in the experience of an individual Christian Scientist who became a convert to this
